NOTE FOR: The Director

FROM: Dave Gries

I think you would find Kathleen Buck's presentation on page 6 and Richard Willard's presentation on page 7 of value. The remainder of the pamphlet is very interesting but generally muddles the issue. Buck and Willard make additional statements on pages 26, 28, 29 and 33. Buck holds that we already have laws that punish leakers (18 U.S.C., Sec. 793), and Willard's points are that how information is classified should be examined and the number of cleared Americans should be dramatically reduced.
